Our Grout Shine Range

★ Shades are available in Epoxy Grout **EG-100**.
▲ Shades are available in cementitious grout **CG-100**.

EG-100 comes with a customisation option also where grout colours are made to order based on popular Indian paint codes, with a minimum order of 30 buckets (5 kg each).

Important Information

- Slight variation in shade and texture might occur as per jobsite conditions.
- Before application of grout on porous tiles and stones, it is advisable to verify compatibility on a test area.
- It is recommended to mix grout from different batches to get a uniform colour, as there might be slight shade variation in different batches (for EG-100 & CG-100).
